## Senate Agrees to Vote on Foreign Aid

WASHINGTON (AP) — The Senate, after wrangling for an hour over the interruption of its Christmas holiday recess, agreed today to vote by late afternoon on final passage of the \$3-billion foreign aid money bill.

Sen. Mike Mansfield, D-Mont., the majority leader, won unanimous agreement to limit debate on the controversial measure to not more than four hours.

Republican protests were voiced after Mansfield said that to put off action until congress starts a new session next week "would have flown in the face of the President's wishes in a non-partisan matter of foreign policy."

Mansfield told the senate that "in view of the president's request, it was most urgent that it reconvene in the present session to dispose of this measure."

But Sen. Roman L. Hruska, R-Nebr., said there was "some resentment" at acceding to President Johnson's insistence that action on the measure be completed before the new session opening Jan. 7.

"Perhaps we'd better run this end of Pennsylvania Avenue," Hruska said.

Joined by Sens. Gordon Allott, R-Colo., Jack Miller, R-Iowa, and others, Hruska protested.

## Hope Completes Tour of Bases

NEW YORK (AP) — Bob Hope, "feeling 100 per cent better," returned today from a 10-day tour entertaining servicemen at American bases in Turkey, Greece, Italy and Libya.

Hope, who has been under treatment for hemorrhaging of the left eye, said it did not bother him during the trip. He plans to go to Los Angeles for further treatment.

He has made 13 overseas trips in 22 years of entertaining troops at Christmas time.

## Arctic Air Returns Cold to Arkansas

By THE ASSOCIATED PRESS  
A fresh mass of arctic air spread across the North Central region today, dropping temperatures to sub-zero levels, with freezing weather in many sections in the East and South.

Snow and sleet pelted deep into Texas. Six inches of snow was reported at Sweetwater while snow mixed with rain spread southward as far as Waco and eastward into the Red River valley. Highways and streets were ice-coated in the Panhandle region.

Light snow also fell from the Dakotas southward into western Oklahoma and hazardous driving warnings were issued for southern Oklahoma and northwestern Texas.

Clear weather prevailed in the frigid Midwest. Sub-zero marks were reported in Minnesota, Wisconsin, Michigan, Iowa, the Dakotas and Illinois. Low marks ranged from 20 below in International Falls, Minn., on the Canadian border, to 11 below in suburban areas northwest of Chicago.

Below-zero cold also was reported in sections of northern New England.

Areas outside the freezing belt were the far Southwest, the Pacific Coast states and in most of Deep South.

## Johnson Has Support of Arkansans

By JOHN R. STARR

LITTLE ROCK (AP) — President Lyndon B. Johnson apparently has the unanimous support of members of the Arkansas Democratic State Committee and the committee members feel he will make a stronger race next year in Arkansas than the late President Kennedy would have.

The support is not surprising. Arkansas Democrats voted for Johnson at the 1960 Democratic National Convention.

The sentiments of the committee were summed up by retiring chairman Tom Harper of Fort Smith, who said, "We told everybody at Los Angeles that Johnson would make a good president."

Harper said, in casting Arkansas' vote for Johnson at the convention, "From now on Arkansas casts 26 votes for Lyndon Johnson." He said the Arkansas delegation had no intention of changing as long as Johnson was in contention.

The Associated Press polled about a dozen members of the state committee today and all said they felt Johnson would be a stronger candidate in 1964 than Kennedy would have been.

All also said they feel Johnson has handled himself well during the month he has been in office.

"He certainly assumed charge and has either taken advantage of past momentum or developed some himself," said Sam Levine of Pine Bluff.

Said Pickens, "I don't see how any man could have stepped into the job and done better."

State Sen. John Moore of Texarkana said, "He has pleased many members of both parties by his economy moves, although he has stepped on some toes in making these moves."

Armill Taylor of Clarksville, a state Highway commissioner, also cited Johnson's efforts to cut down federal spending as a reason for his personal feelings that the President is doing a good job.

The committee members were asked if they had a personal favorite for vice president on the Democratic ticket with Johnson next year, but only Moore made a choice, picking Sen. Eugene McCarthy of Minnesota.

Most of the others said that Johnson should have the right to pick his own running mate.

## Nikita Thinks Relations With U.S. to Improve

MOSCOW (AP) — Soviet Premier Khrushchev said today there are reasonable prospects for agreement between the United States and the Soviet Union in 1964 on "a broad range of measures aimed at slowing down the arms race and further alleviating international tensions."

Replying to questions submitted by Henry Shapiro of United Press International, Khrushchev said such measures include:

Reductions in the armed forces of states, cuts in military spending, the signing of a non-aggression pact between the North Atlantic Alliance and the Communist Warsaw Pact nations, agreement not to disseminate nuclear weapons and establishment of zones free from nuclear weapons.

He also called for reduction of foreign forces on foreign territories.

Khrushchev's replies to Shapiro's questions were published by Tass, the Soviet news agency.

The premier said the Soviet people are entering 1964 with grandiose plans of peaceful construction, and the American people we believe, do not want war either," He continued.

"The stated intention of the new President of the United States, Lyndon Johnson, to continue in foreign affairs the policy of peaceful settlement of international problems, of improving relations with the Soviet Union and calling a halt to the cold war, has been met with gratification in this country. We, too, are in favor of this."

## Berlin Still Ready to Negotiate

By LOYAL GOULD

BERLIN (AP) — West Berlin's deputy mayor restated today the city government's readiness to negotiate with the Communists on keeping the Berlin Wall open past the Jan. 5 deadline. A word of caution came from Bonn.

The Red regime in the East stepped up its campaign for further negotiations after a record number of West Berliners visited loved ones in the East Sunday on special one-day holiday permits.

But West German Chancellor Ludwig Erhard, returning to Bonn from talks with President Johnson, cautioned against letting the West Berlin government assume too much responsibility. Bonn fears the Berlin talks may play into Communist hands and force recognition of East Germany.

Henrich Albertz, West Berlin's deputy mayor, stressed at a news conference the city government's desire to extend the visiting period. But he said there have been no official moves to reopen talks with the East German regime on the matter.

Nearly 155,000 West Berliners crossed through the Berlin Wall Sunday for one-day visits provided by the Christmas agreement negotiated by officials of the divided city. The figure more than doubled Saturday's record of 70,000 and increased to 412,000 the number of crossings since the visits started Dec. 20.

## Cold Tightens Grip on the State Again

By THE ASSOCIATED PRESS

Cold weather threatened to tighten its grip on Arkansas tonight. Temperatures were expected to dip near zero in the northern section and into the 20s in other sections.

Overnight minimums around the state early today were mostly in the 20s, with a 35 reading at Texarkana possibly the highest in Arkansas.

Chilly winds accompanied the cold weather, but little or no precipitation was expected through Tuesday.

Highs Sunday were generally in the 40s. The Weather Bureau said highs today would be mostly in the upper 20s to mid 30s.

The forecast called for fair to night with a drop in temperatures.

## Nation's Fire Losses Higher

NEW YORK (AP) — The nation's fire losses this year are expected to reach a record \$1.4 billion, 11 1/2 per cent higher than last year. The estimate was made Sunday by the National Board of Fire Underwriters, an insurance group.

## Neutral Zone in Cyprus Is Accepted

By HAL MCCLURE

NICOSIA, Cyprus (AP) — Greek and Turkish Cypriot leaders agreed today to a proposal by British Commonwealth Secretary Duncan Sandys to set up a neutral zone between their fighting forces in Nicosia.

The factions also agreed to allow British troops to patrol all areas of the capital of Cyprus at the discretion of the British commander.

Sandys told newsmen the agreement accepting his proposals was signed by Archbishop Makarios, the island's Greek Cypriot president, and the Turkish Cypriot vice president, Dr. Fazil Kutchuk.

Sandys said leaders of both sides would meet daily under British chairmanship in an effort to resolve differences that pushed the eastern Mediterranean island to the brink of civil war and heightened international tension last week.

Meanwhile, Kutchuk indicated he believes peace can be assured on Cyprus only if it is partitioned between the Greek Cypriot majority and the Turkish Cypriot minority.

Kutchuk said there is "no possibility" that the two communities can live together after the past week of violence.

"Each country must be master of its own house," he said.

The Turkish Cypriots demanded partition of Cyprus during the Greek Cypriot underground campaign that culminated in independence from Britain in 1960. The Greek Cypriots rejected the idea of partition.

The present shooting that began Dec. 21 subsided over the weekend.

## Missile Sites in Arkansas Set to Fire

By BILL SIMMONS

LITTLE ROCK (AP) — The 18 Titan II missile silos in Central Arkansas north of Little Rock are armed and ready for action, the Air Force said today.

The Air Force was to receive official control of the missile weapons system at ceremonies later today at Little Rock Air Force Base.

In a news conference at the base this morning, Air Force dignitaries and officials of the Martin-Marietta Co. of Denver, Colo., the prime contractor, answered questions about the missile complex.

Col. Collier H. Davidson, commander of the 308th Strategic Missile Wing which is manning the launch silos, explained security procedures for the complex.

Only launch crews of four men each are allowed inside the site areas and they get in only after a lengthy and detailed series of checks and counter-checks, Davidson said.

He also said that all of the missiles are fully operational, that each has an individual target.

But he declined to discuss what the targets were. Only Davidson and two other members of the staff know what the targets are.

Asked about reports that the base might be among some that Defense Secretary Robert McNamara may pare down in President Johnson's economy drive, Davidson said that the missile program was designed with a long-range goal in mind and that it is possible that the base may be on the list, but if so, he is not aware of it.

Davidson said he felt sure that even in the event that the base was on an economy list, it would retain some activity because of the missile wing.

Some 1,200 Air Force personnel will work on the missile sites.

Each Titan II missile with a nuclear warhead of undisclosed proportions carries as much destructive power "as all other armaments in the history of man combined."

## Johnson's First Diplomacy Talk Is Successful

By THE ASSOCIATED PRESS

JOHNSON CITY, Tex. (AP) — President Johnson's first venture into the deep water of personal diplomacy was a success, according to German and American informants who had a part in his two-day meeting with West German Chancellor Ludwig Erhard.

If nothing else, the two new leaders in the West's struggle with the East got to know each other and reached "full agreement and understanding."

The phrase is a stock one in the copy book of diplomats. But this time, said Erhard, "it is not a diplomatic statement. It is just the truth."

A communique issued Sunday after their meetings declared that Johnson and Erhard were agreed "that it is highly important to continue to explore all opportunities for the improvement of East-West relations, the easing of tensions, and the enlargement of the prospects of a peace that can be stable because it is just."

This was qualified, though, with a declaration that there "should be no arrangement" that would perpetuate a divided Germany.

Erhard, holding a news conference at Austin's Bergstrom Air Force Base just before his jet transport left for Bonn, emphasized a willingness to explore "new allies" that might lead to agreements with the Soviet Union.

The round chancellor described his meeting-of-minds with Johnson on this subject as "a step forward in view of the readiness to take new initiatives and to open discussions on possibilities that might exist."

Some question about Erhard's enthusiasm toward East-West talks was raised Saturday night after his press secretary, Karl-Gunther von Hase, said the German leader found Soviet responses to conciliatory Western moves "not very encouraging."

It was said later, however, that Erhard had the Berlin and German problems uppermost in his mind in making the assessment.

The central issues at the conference were trade and related economic questions, rather than East-West problems, informants said.

German observers noted that Erhard was aware that French President Charles de Gaulle will not likely be too pleased with the communique's urging greater economic integration of Europe and approving the U.S. position that both agricultural and industrial products must be continued on Page Two

## Fire Damages Carver's Grocery

Carver's Grocery at the end of South Main Street was badly damaged by fire of undetermined origin about 6 p.m. Sunday.

Firemen said the two-story frame building was gutted downstairs and that all the grocery stock was damaged. Firemen put out the blaze which was roaring high by the time they arrived.

## Democrats to Pick Committeemen

LITTLE ROCK (AP) — The Arkansas Democratic State Committee met today to select a new national committeeman. It was expected to be Tom Harper of Fort Smith, the present state party chairman.

And Leon B. Catlett, Little Rock attorney, was expected to be named to Harper's job. However, it was not known whether that action would come today.

Gov. Orval E. Faubus tapped Harper for the national committee post and the state committee usually goes along with the governor's wishes.

Pat Mehaffy of Little Rock, the former national committeeman, was appointed a judge on the 8th Circuit Court of Appeals.

## State Forest Fires Worst Since 1954

LITTLE ROCK (AP) — A dry spring and a prolonged drought in the fall resulted in Arkansas' worst year for forest fires since 1954.

The state lost 168,429 acres to fires this year. This is 1.02 per cent of the 16,535,000 acres the state Forestry Commission is charged with protecting.

State Forester Fred Lang said 1963 marked only the fifth time in the commission's history that the forest fire loss has gone over one per cent.

The worst year was 1952 when the percentage hit 2.1.

Last week's snow reduced the forest fire danger at year's end and the loss between now and Jan. 1 was expected to be small.

But, Lang warned, the state is 19.5 inches short on rainfall for the year and it carried over a 6.5 inch shortage from last year.

"So it's pretty dry out there," Lang said. "The potential danger is there and we'll face it again as soon as the snow is gone."

The Harrison area was the hardest hit this year. An outbreak of fires in the spring and higher than average losses in the fall put the Harrison area percentage at 3.16 for the year.

As always, losses in North Arkansas were greater than those in South Arkansas. North Arkansas' year-long percentage was 1.56 and South Arkansas' .813.

Other years in which loss exceeded one per cent were 1934, 1943 and 1954.

## No Violent Deaths Sunday

By THE ASSOCIATED PRESS  
No violent deaths were reported in Arkansas Sunday and the state's violent death toll for the week ended Sunday at midnight dropped below 25 for the first time in several weeks.

Four persons died Saturday when one man froze to death at Trumman, one was shot to death in a hunting accident near Morrilton, one died in a car-train collision at Hoxie and one died at Warren as a result of injuries suffered Dec. 23 in a traffic accident.

The four deaths Saturday sent the week's violent death toll to 14. Eight persons died in traffic accidents, two died of exposure, one died in a fire and one was killed when a car he was repairing fell on him.

# 21 Persons Die in Florida Hotel Fire, Donna Escapes

By IRISH DONNELLY  
Associated Press Writer

JACKSONVILLE, Fla. (AP) — Ashes and blackened debris in the Hotel Roosevelt's once-grand ballroom held the secret today to the cause of a fire which left 21 dead and 66 injured.

Flames burst out Sunday morning in or around the main floor ballroom, spewing heavy smoke and deadly gases upward through the 12-story, 300-room hotel, packed with nearly 500 Gator Bowl weekend guests.

Nineteen victims were asphyxiated by smoke and fumes.

Sudden disaster struck on a brisk, calm Sunday morning, handing Jacksonville its worst tragedy in history.

One woman died in a plunge from an upper story window. An assistant fire chief died of a heart attack.

Only one cool efficiency of firemen and dramatic rescues by Navy helicopters of guests who fled to the roof averted a worse tragedy.

The fashionable hotel on Adams Street near Main Street was packed with 472 guests, many here for Gator Bowl week festivities which ended Saturday night.

Most deaths occurred above the eighth floor, agonizingly out of reach of the city's two 100-foot aerial ladder trucks.

Among those rescued were Miss America of 1964, Donna Axum of El Dorado, Ark. The 21-year-old beauty and her chaperone, Lucile Previtt, were hospitalized overnight, suffering with smoke inhalation.

Miss Axum, smiling prettily from a hospital bed, said all she took with her when she fled in pajamas, slippers and a beaver coat were "two pocketbooks and my crown."

Business executives were among the dead. They included James Jackson Swick, 59, owner-president of Copeland Sausage Co. His wife, Lorena Eaker (Rena) Swick, 47, also was killed.

The Swicks, of Alachua, Fla., had stayed in town after attending the Gator Bowl football game.

Another executive among the dead was Wade Hildinger of Buffalo, N.Y., vice president for sales of National Gypsum Co.

Mayor Haydon Burns, commissioner of the police and fire departments, said city fire marshals inspected the hotel within the past 10 days and found it complied with all fire safety rules.

"There is no negligence involved in this fire in any way," the mayor said. "We know that the origin was in the ceiling of the ballroom, but the cause has not yet been determined."

William H. Johnson, who bought the Roosevelt in 1960 from the Meyer Hotel chain and spent \$1 million renovating the 37-year-old structure, said "the hotel was as fireproof as you can get a building. It is a sad thing that those people didn't stay in their rooms."

"The smoke just built up and people panicked," Johnson said. He said he was not at the moment concerned about damage and had no accurate estimate. There is insurance, he said, but that he didn't know the extent of coverage.

A woman who plunged to death when an improvised rope of sheets and blankets broke was identified as Mrs. Marian F. Curry, 43, of Santiago, Chile, and formerly of Greensboro, N.C. A medical examiner said she died of multiple fractures.

## Murder Labeled a Family Affair

CLEVELAND (AP) — Murder is largely a family affair, a New York sociologist said today.

At least, declared Dr. Gerhard Falk of the State University College at Buffalo, murder is a "very intimate matter, which takes place between relatives and friends and rarely between strangers."

Describing a study of various aspects of homicide, he told the American Association for the Advancement of Science that among 121 murders committed in Buffalo from 1948-1955, only 12 per cent of the victims were strangers to the killers.

## Thinks Prices in 1964 to Remain Stable

By ADREN COOPER

TO HELP DILUTE  
TEMPTATION

Years ago, when a boy dropped out of school, it was usually because he couldn't resist the temptation to start earning money — either to help support his family, or to establish his own independence. With the inroads which automation has made on the job total for manual laborers and other unskilled workers, this temptation should have lost much of its appeal. It should be apparent, even to a restless high school student, that only an education can provide him with job security in the year ahead.

But welfare workers contend that youngsters whose families receive public assistance are especially vulnerable to the drop-out virus. To keep these children in school, they contend, some means must be provided to let them start their earning careers early.

Last week, the District of Columbia Welfare Department received \$92,934 in federal funds for a work scholarship project designed to keep such children from quitting school. The program will embrace about 500 children, who will be given scholarships for work on special jobs arranged by the board of education — such as helping teachers with clerical work and performing maintenance jobs around the school. Students will earn \$1.25 an hour for not more than four hours of work a week. School faculty, counselors and administrators will select the students who will take part in the experiment.

The District Welfare Administration says more than one-third of last year's 3,400 drop-outs left school because they couldn't meet incidental expenses — for special clothes, extra-curricular activities and "pocket money". If a maximum "working wage" of \$5 a week can reduce drop-outs in this group, the theory of work scholarships will be successfully established. The Huntington (W. Va.) Herald-Dispatch

included in forthcoming tariff-cutting negotiations.

The trade talks are scheduled for next spring between the United States and the European Common Market in which France and Germany are powers.

Other major points in the communique: —Sergeant Shriver, U.S. Peace Corps director, is going to Bonn to help Germany set up its own Peace Corps.

—The United States will "maintain the present six-division level of combat forces in Germany, as long as they are needed."

During their final day together, Johnson and Erhard worshipped at a Lutheran church in nearby Fredericksburg, a city of 5,000 founded 117 years ago by German immigrants. Part of the service was in German.

After another formal meeting, the President and the chancellor drove to the Stonewall High School gymnasium, near the ranch, for a Texas-style barbecue. Country music and the classical artistry of pianist Van Cliburn were mingled on the entertainment program.

Johnson then provided his own entertainment as he handed out at least 50 Texas Stetson hats — the first of which he clapped over Erhard's brow.

By the time the chancellor left for home, however, the Texas headgear had been replaced by a black homburg.

Western Action — Fun Shows

## Senate Agrees

Continued From Page One

tested that nothing would be lost by delaying senate action until next week.

However, Sen. John O. Pastore, D-R.I., floor manager of the bill, said that under a continuing resolution now in effect through Jan. 31, the foreign aid agency can spend on the basis of last year's \$3.9 billion appropriation instead of the \$3-billion figure.

"The longer we wait," Pastore said, "the more expensive it becomes."

Mansfield predicted a quorum would be present for the session.

The House, which approved the compromise proposal last week, was standing by to join the Senate in adjourning the long congressional session once the foreign aid bill was passed.

Senate approval of the holly-fought aid bill seemed certain, giving President Johnson at least a partial victory in his first joust with Congress since becoming chief executive.

One of the program's most outspoken opponents — Oregon's Democratic Sen. Wayne Morse — conceded passage was likely by late afternoon.

The \$3 billion final total for aid represented a \$1.5 billion slash from the \$4.5 billion originally asked last spring by the late President John F. Kennedy to cover aid spending for the year which started July 1.

The total was also well below the \$3.6 billion level that Johnson said two weeks ago would reflect "a dangerous reduction in our security."

But Johnson could claim one major plus — elimination of a House-originated ban on extending credit to Communist nations for grain purchases or other trade.

By a 189-158 vote in an unprecedented daybreak session Tuesday, the House finally agreed to accept the bill without the ban it had twice written into the aid measure.

But its price was reduction of aid funds to \$3 billion. At one point, House conferees refused to accept even \$3.1 billion after both Johnson and Senate conferees tried to gain agreement on that figure.

As the bill now stands, Johnson would be free to offer credit to Communist nations if he felt it was in the national interest and notified Congress within 30 days.

Johnson had claimed that a ban on extending credit to Russia would intrude on his right to conduct foreign affairs, while supporters of the ban claimed that if Russia were allowed to buy on credit it would have just that much more available to spend on countries such as Cuba.

Morse said he planned to open today's session with a quorum call. He said he would speak for a couple of hours, but conceded passage was likely by late afternoon.

"I don't think there's any chance at all of defeating the bill," he said. "But the vote won't end this fight. It's just one battle in the war."

## U.S. Choice in Lawn Tennis

**NEW YORK (AP)**—Darlene Hard of Long Beach, Calif. is the choice of the United States Lawn Tennis Association's ranking committee to head its women's singles rankings for the fourth straight year. Miss Hard's selection must be approved at the USLTA's annual meeting to be held in Corpus Christi, Texas, Feb. 15.

## DOROTHY DIX

MORAL VERSUS MOTOR BIKES

By Helen Worden Erskine

Dear Helen: I thought you pretty intelligent but after reading a recent column of yours I honestly believe you must possess a very small mind. What proof do you have, if any, that the motor bike is dangerous? Within a 50-mile radius of where I live at least six horrible automobile accidents have taken place just last summer—none on motorcycles.

Also there are more indecent goings on in cars than on motorcycles. A police officer told me many juvenile delinquents ride in automobiles. They can go to the liquor store, pick up a case of beer, and then park in a drive-in theater and not even watch the movie.

Better people than you or I have driven motorcycles. To name a few—Charles Lindbergh, Eddie Rickenbacker, and more than likely several presidents. I am the father of three children and I would much rather see them on the back of a motorcycle than slouched in the back seat of some automobile doing God only knows what. —Poor Parent

Dear Parent: From time to time all thinking people, whether parents or pedestrians, have considered the invention of the wheel with mixed emotions. But we now have to live with it, and I do mean live. Relatively speaking, there are more fatal motorcycle accidents than there are car accidents. Our modern highways are built for automobiles, not for motorcycles, or bicycles, or people on foot. The

## Majors Considered by Coach Broyles

**FAYETTEVILLE, Ark. (AP)**—University of Arkansas head football coach Frank Broyles told the Associated Press Sunday night that Mississippi State assistant coach John Majors is one of several men being considered for an opening on the Arkansas coaching staff.

Broyles made the statement in reference to an article which appeared in the Sunday editions of the Knoxville, Tenn., News-Sentinel, saying that both Arkansas and the University of Tennessee were considering Majors.

Broyles said the new man on the Arkansas staff would work mainly on pass defense. He said he thought it would be about 10 days before something definite developed.

The Arkansas coaching staff is short one man as a result of the loss of Douglas Dickey who took the head coaches job at Tennessee.

Wimbledon champion Chuck McKinley of St. Ann, Mo., was the committee's selection to head the mens rankings.

Billie Jean Moffitt of Long Beach, Calif., is second to Miss Hard in the USLTA ratings. Miss Moffitt was the Wimbledon runner-up losing to Margaret Smith of Australia last summer.

what vehicle youth is using. Send a stamped, self-addressed envelope for my leaflet, "Caution Parents."

Dear Helen: About a month ago our neighbors' television antenna fell on our house. They thought my father got mad, but he didn't. So now they won't even talk to our family. My mother is so worried she does not know what to do. Please advise us. —Anxious

Dear Anxious: This is a case of simple misunderstanding which should be cleared up by your parents and your neighbors getting together and talking over the situation calmly and sensibly. They are all adults and if any property damage has

been caused, I'm sure their insurance company will cover it. Tell them so!

Dear Helen: Four years ago I had a nervous breakdown. I realize that there were many reasons for it and thought that my understanding them things would get better. But they haven't. My wife and I can't spend five minutes together without fighting. When I almost killed myself working around the house, butter wouldn't melt in her mouth. Now that I'm doing other work I'm nothing less than a you-know-what. Should I pack up and go or stay for more of the same? —Frank

Dear Frank: Now's the time to prove the efficacy of what-

ever treatment you received when suffering from that breakdown. Review it on paper, jotting down all the salient points then live up to them. The will to do is the power to do. Your goal is to be a sane, normal human being. See this oversensitivity for the chimera it is. Good humor, laughter and the ability to enjoy the funny side, are sure cures.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## PROGRESS REPORT

We began business in Hope in December, 1933 with three employees and an annual payroll of \$2,450.00. We now have 40 regular and five part time employees with an annual payroll of \$172,000.00. Thirty-two of our regular employees own their own homes.

Beginning with one service station and a few farm and commercial accounts in 1933 we sold 308,000 gallons of our products the first year. We are now servicing 29 service stations and have many farm and commercial accounts and will sell 5,700,000 gallons of our products this year.

In 1944 we acquired the International Harvester contract for this area and we continue to sell and service this line of farm equipment, light commercial equipment and motor trucks.

In 1946 we entered the butane business and now service more than 1,200 customers in Hempstead, Nevada and parts of Clark County.

Four years ago we signed with the American Petrofina Company as a distributor for their very fine FINA products for this territory. This has proven to be one of the very finest decisions that we have made.

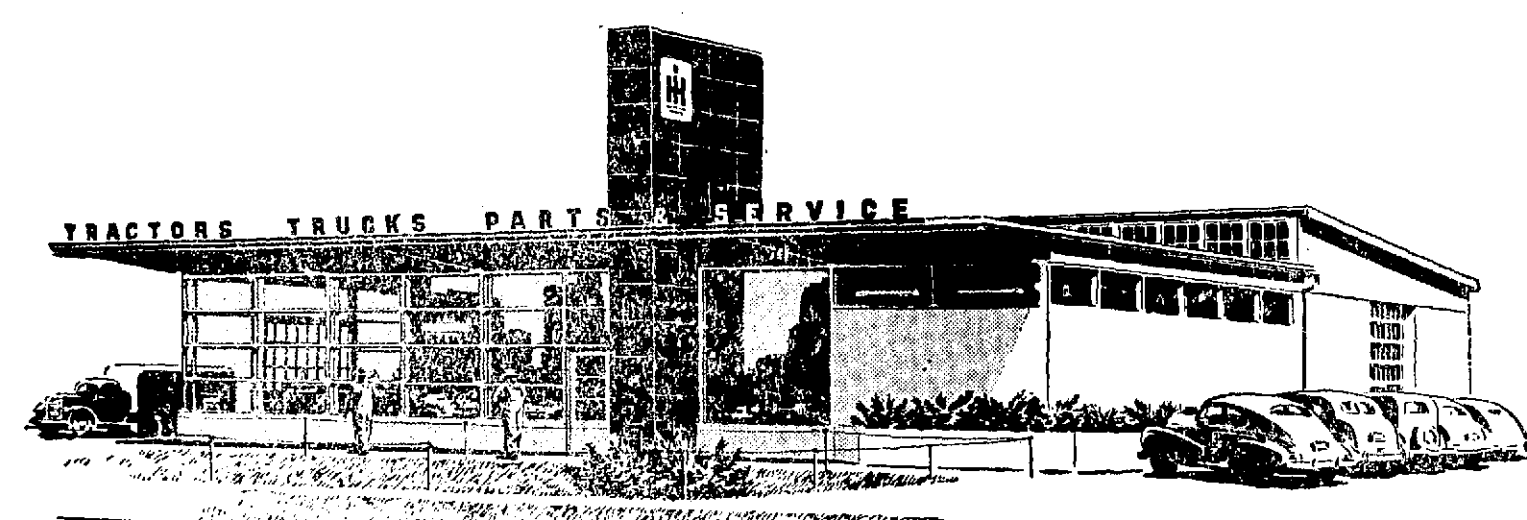

Our newest and most modern Service Station, Located Junction Highway 70 & 270 in Hope, Arkansas. We expect to add more each year.

## 1963 Best Year, Reports G&F Group

LITTLE ROCK (AP) - The state Game and Fish Commission said Saturday that 1963 was one of the best years for accomplishments by the commission, and said the year was not totally bad for hunters and fishermen, despite a record-setting drought.

Gus Albright, commission publicist, said commission maintenance and construction work had hit a new high and water control structures and access roads were put in the best shape ever.

He said the Commission's three hatcheries, which raised and stocked 5 million fish in state rivers and streams, were renovated. More than 2 million walleye were put in Lakes Ouachita, Norfolk, Greeson and Greer's Ferry, while 70,000 rainbow trout were stocked in selected cold waters.

Albright pointed out that 20 new access areas to fishing streams were built during the year.

The year set a record for trapping and transplanting of native wild turkeys, he said, and added that more predatory animals were taken than in any previous year.

Some 768 turkeys were legally killed, another record.

Bayou DeView public hunting area was enlarged to 3,358 acres during the year, an increase of 1,440 acres, and improvements were made to the 25,000 acre Camp Robinson upland game management area. Albright said the improvements made the area one of the best all-around field trial areas in the nation.

Arkansas became the nation's leading state in the number of deer antlers qualifying for the Boone and Crockett Club's big game record book. Only Saskatchewan in Canada ranks higher in the world for the number of qualifying antlers.

Other 1963 accomplishments include the election of Game and Fish Commission Director Nelson Cox to the presidency of the International Association of Game and Fish Commissioners. The U.S. Fish and Wildlife service began a 10-year study of fish behavior at Lakes Norfolk, Bull Shoals and Beaver. About 3,000 Canada geese were brought to the state from Illinois and Missouri as part of a state - federal cooperative program to establish goose populations at several refuges.

These fish catches broke records: A 25 - pound brown trout caught in White River, an 18-pound channel catfish in Lake Fayetteville, a 17 1/4-pound walleye in the Black River and a 6-pound smallmouth bass taken at Greer's Ferry.

The state received \$715,423 in federal funds for use on various Arkansas projects.

## Bowl Season Hits Peak This Week

By MURRAY CHASS

Associated Press Sports Writer

With Texas and Navy ready to battle for college football's unofficial championship, the bustling bowl season reaches its peak this week as fans get the chance to put aside their annual hangovers temporarily in favor of the big four post-season clashes.

The Cotton Bowl has by far the biggest and most interesting attraction for New Year's Day, but it still must share the spotlight with the Rose, Orange and Sugar contests. Four other bowls help conclude the college season this week.

Another quartet of games had their fling last Saturday. North Carolina walloped Air Force 35-0 in the Gator Bowl, the East and the West fought to a 6-6 tie, the Gray took the Blue 21-14 and Western Kentucky had an easy time with Otto Graham's Coast Guard in the Tangerine Bowl, winning 27-0.

Roger Staubach and his second-ranked Middlemats invaded the fair of the Texas Longhorns, the country's No. 1 team in the regular season, for the Cotton Bowl at Dallas. Unbeaten Texas will have to fend off the East's best to remain first in the minds of the nation's fans.

Illinois faces a relatively weak West Coast representative, Washington, in the Rose Bowl. Big Eight champion Nebraska meets Auburn in the Orange and Mississippi battles Alabama in a neighborhood get together in the Sugar Bowl.

In a prelude to the big day, Southern Methodist, lone conqueror of Navy, plays Oregon in the Sun Bowl on Tuesday. Finally, three all-star contests—the Senior, the Hula and the Southwest Challenge bowls—round out the schedule Saturday.

North Carolina supplied the biggest surprise last Saturday while the Shrine game in San Francisco provided a picture of utter frustration.

The Tar Heels, considered just a slight favorite, easily trampled Air Force at Jacksonville, Fla. Powerful halfback Ken Willard and quarterback Junior Edge and Gary Black sparked the North Carolina offense while the defense stymied Falcon quarterback Terry Isaacson.

The East and the West started their 39th annual contest with an even amount of points scored—455. When it was over, they were still even.

Two missed extra point attempts helped the frustration. Pete Beathard of Southern California booted his try wide after Baylor's Don Trull hit Willie Brown of Southern California with a 25-yard scoring pass in the third quarter. Pitt fullback Rick Leeson's kick was blocked following a 10-yard touchdown scoop by Michigan State's Sherm Lewis in the final period. At Montgomery, Ala., Georgia quarterback Larry Rakestraw poured it on the Blue with

The army of the north, commanded by Maj. Gen. Horatio Gates since General Schuyler's illness, fared somewhat better, thanks in large part to the energy and zeal of Benedict Arnold, the senior brigadier general. Sir Guy Carleton assembled a large fleet at the northern end of Lake Champlain, but Benedict hastily supervised the building of an American flotilla to prevent the enemy from gaining control of the northern gateway to the United States.

He worked furiously, ignoring the wound that still caused him discomfort. His personal enemies were not idle while he labored. A group of disgruntled officers, led by John Brown and James Easton, outraged him by charging that he had made a personal profit from the supplies confiscated at Montreal. Benedict demanded a court-martial to clear his name, and General Gates obligingly set up a board. By the time it convened, Benedict was busy training a navy, and in no position to find the time to devote to his self-defense, he quarreled with the board.

Gates was alarmed and, afraid he might lose the services of his most talented subordinate, was relieved when Benedict suggested that the entire matter be referred to the Congress. Gates acted accordingly, and Benedict was able to give his entire attention to the British. Carleton had more ships, more men and heavier guns, but the Americans surprised him before he was ready to fight.

The two forces met in a series of sharp engagements in late September and October. The ultimate issue was never in doubt, yet Benedict's principal objective was to buy time, and in this he succeeded brilliantly. Carleton managed to destroy the better part of the American fleet, but Benedict mauled the enemy so severely that Ticonderoga was saved.

Carleton then held a council of war and agreed with Lord Burgoyne and his other commanders that it would be too dangerous to attack the fort until the following spring.

Washington launched a surprise assault on the British and

their Hessian mercenaries at Trenton before going into winter quarters. This helped the disheartened Patriots recover their spirits. However, it was feared that the enemy might make a concerted effort to capture New England, and when General Sir Henry Clinton captured Newport, Rhode Island, Benedict was charged with defending the area.

The citizens of Boston, the first city to be freed of enemy occupation troops, were eager to entertain the Patriot commander, so Benedict's evenings were dull. He dined frequently at the mansion of John Hancock; in fact, every prominent family in the city competed for his attention and favor. Gradually he recovered his strength, and one evening, while attending a small dinner given in his honor by the wife of General Henry Knox, he suddenly realized that he was a lonely man.

His partner at the table, Betsy DeBlois, was a sweet, attractive girl of 16. He called on Betsy the following evening, and thereafter wise hostesses made certain that the young woman with blonde hair, blue eyes and charming disposition was included in every party attended by General Arnold.

Neither Betsy nor her mother ever discussed their personal circumstances. He had assumed that Mrs. Elizabeth DeBlois was a widow living in genteel poverty.

Elizabeth DeBlois was only a year or two older than Benedict, but her hair was grey, her face was lined and the joints on her fingers were swollen. She sat before the fire, painfully knitting. "Come in, General," she said, inclining her head. "I've been expecting you."

Benedict swept off his plumed bicorn and bowed low. "Your servant, ma'am."

"It's a chilly evening and is likely to become colder," Mrs. DeBlois' smile was cryptic. "You may want to warm yourself."

"Thank you." He felt reserve and became cautious as he walked to the fire. "I hope you haven't deemed my gift of yesterday to Betsy inappropriate."

"It was unusual, General. It

would have been unseemly in my day—and yours."

The slur was obvious. He felt color rise in his face. "I assure you, ma'am, that I have only the most honorable intentions toward Betsy."

"Your intentions have been evident for several weeks, General Arnold, and I have always assumed them to be honorable."

She resumed her knitting.

# Bears Defeat Giants 14-10 for NFL Title

By CHARLES CHAMBERLAIN  
Associated Press Sports Writer

CHICAGO (AP) — The cheer-evoking bandits of the Chicago Bears have made their biggest haul.

They made the main contribution in the Chicago Bears 14-10 victory over the New York Giants Sunday for the National Football League championship.

It was the Bears eighth, but the first for Papa Bear George Halas since 1946, when the Giants again were beaten.

In a daring, daylight caper before 45,001 fans in the deep freeze of Wrigley Field, and many others watching television, the Bears' Jesse James boys robbed big money man Y. A. Tittle blind.

Five times they stole passes from this bald, 38-year-old phenomenon, who crippled a knee in the second quarter but courageously returned after halftime treatment to play the rest of the game.

Two of the interceptions set up Bear touchdowns, in the first and third periods.

Two others were fished in the end zone as Tittle, the NFL's top passer this season, desperately tried to hurl long scoring bombs in the fading minutes of a tense last quarter.

Putting the final clamp on the Giants hopes were the deep interceptions by Bennie McRae as Tittle opened a siege from the Giant 36 and by Rich Petitbon as the master quarterback unleashed a shot from the Bears' 37.

But the best frisking Tittle and the Giants got was by right linebacker Larry Morris, a 230-pounder, and mauling right end Ed O'Bradovich.

Morris, voted the game's most valuable player, heisted a Tittle flip in the first period and galloped 61 yards before running out of gas on the Giant five.

With eight seconds left before the first quarter ended, Bill Wade went over from the two on a quarterback sneak.

Bob Jencks added the extra point and the game was tied 7-7.

The Giants had scored the first time they got the ball. Wade, who played the entire game, was shaken from the ball when Dick Lynch and Sam Huff hit him. Erich Barnes recovered it for the Giants on the Bear 41.

In seven plays, New York scored on a 14-yard pitch from Tittle to Frank Gifford. Don Chandler converted.

Early in the second period, Tittle's arm zeroed in on another goalward thrust. The Giants moved 59 yards as the Bald Eagle brought up the blood pressure of 68-year-old Halas with a 36-yard aerial to Aaron Thomas.

But the Bears' defense, the best in the league matched against the No. 1 offense in this showdown, held.

Chandler eventually booted a 13-yard field goal and the Giants clung to a 10-7 edge.

With eight minutes remaining, Tittle slipped going back to pass and was hit by the charging Morris. He limped from the field and Glynn Griffing replaced him.

The Giants quelled Wade's passing attack and held the 10-7 lead at halftime.

Tittle returned at the start of the second half. The Giants seemed to be on the move again, as Hugh McElhenney ran back the kickoff 47 yards.

But Davey Whitsett picked off Tittle's pass near the Bear 25 and from there the Bears drove

# Porkers Beat Ole Miss to Take 3rd Spot

FAYETTEVILLE, Ark. (AP) — The University of Arkansas Razorbacks got a week's rest, kicked off by a tournament victory over Ole Miss, before they get into Southwest Conference basketball play Saturday against Texas Tech at Lubbock.

Paced by 6-foot 6 forward Jim Magness of Hot Springs, the Hogs romped to a 76-68 victory over Mississippi Saturday night in the consolation finals of the 10th annual Gulf South Classic Basketball Tourney at Shreveport.

Magness lead all scorers with 20 points, and he was also top man on rebounds, pulling off 14.

Ole Miss jumped to an 8-0 lead, but by midpoint of the first half the Razorbacks were back in the game. The Porkers led 39-33 at the half.

Ole Miss trailed by as many as 16 points in the second half, but pulled to within four in the waning minutes.

Mississippi's Donnie Kessinger, of Forrest City, Ark., got 14 for the Rebels, while teammate Ron Davidson picked up 15.

Arkansas is now 3-5 for the season. Mississippi has the same record.

Winning Bears to Get \$6,000 Each

CHICAGO (AP) — The Chicago Bears can count on \$6,000 each and the New York Giants about \$4,200 but it isn't official.

Until the National Football League comes up with an official breakdown on the financial figures of Sunday's championship final, it is strictly an estimate.

Commissioner Pete Rozelle had to hold off on final figures.

59 yards.

Eating up 53 of the yards were two tosses from Wade to Joe Marconi, then Wade's touchdown aerial attempts failed three times from the 21 and Roger LeClerc's field goal try from the 28 was wide.

With 2:12 left in the quarter, Tittle's screen pass was hugged in by the 255-pound O'Bradovich, who rammed 10 yards to the Giant 14. Wade speared Mike Ditka for 12 yards and eventually speared inches for the decisive TD. Jencks again added the point.

The Bears appeared ready to score again early in the fourth quarter after Pettibon recovered Joe Morrison's fumble on the Bear 49. But the Bears could penetrate only to the 25 and LeClerc's field goal try from the 34 again was wide.

It was then that Tittle twice herded the Giants on frantic drives that ended with interceptions by McRae and Pettibon.

The triumph generally was considered an extremely popular one because of Halas, who pioneered the NFL and went 571 in the red in the 1921 season when his team won its first championship.

Only two years ago there was some cry from critics that owner Halas fire Coach Halas.

## Patriots Win Chance at the Chargers

By MIKE RATHET  
Associated Press Sports Writer

BUFFALO, N.Y. (AP) — The Boston Patriots, convincing on an icy-field or in a well-heated conference room, have wrapped up the American Football League's Eastern Division title and the question of Ron Burton's status for the championship game at San Diego next Sunday.

The Patriots' ability to contend with the slippery conditions on the snow-covered turf of War Memorial Stadium were one of the major factors in their 26-8 victory over the Buffalo Bills Saturday for the Eastern title in the first playoff in the history of the AFL.

And the Patriots' ability to contend with the legalistic language in the league's constitution and by-laws may be one of the major factors in their showdown struggle with the Western Division champion San Diego Chargers for the AFL championship.

The Pats dissected the AFL's laws for the second time in a week Sunday — and again received the news they anticipated. Commissioner Joe Foss overruled a Buffalo protest on the reactivation of Burton for the playoff game, and Sunday night Assistant Commissioner Milt Woodward said, "There may have been some question about Burton's status for the playoff, but our rules definitely clear him for the championship."

For a player who participated in only 11 plays, Burton created quite a controversy before the Patriots-Bills playoff. He also created quite a stir with those 11 plays, gaining key yardage and proving an effective decoy at other times.

Burton had been sidelined since last August because of a slipped disc that required surgery. When Boston moved to reactivate him, Buffalo President Ralph Wilson protested that the move was in violation of the AFL constitution.

Foss said it wasn't. Foss won. So did Boston, with Babe Parilli connecting with Larry Garrison for touchdown passes of 39 and 17 yards and Gino Capelletti kicking four field goals, and both extra points. Buffalo's only touchdown came on a 93-yard pass play from Darby Lowmyer to Elbert Dubenion late in the third quarter.

Garrison, meanwhile, grabbed individual honors in rushing and pass receiving. He gained 44 yards in 19 carries — by contrast Buffalo's highly regarded Cookie Gilchrist managed only seven yards in eight carries on the icy field — and grabbed four passes for 120 yards and the two TDs.

His performance was applauded by Lou Saban, his college coach who admits he used devious methods to keep Garrison in school, before eventually getting him a job with the Patriots.

Garrison was set to quit school when Saban learned of his decision. He immediately pilfered suitcase and hid it long enough to persuade Garrison to stay at Southern Illinois. Together, the two moved on to the Patriots.

Garrison as a player and Saban as the coach.

But Saban had to emphasize Sunday that he "had no regrets" over Garrison's performance. He had to do it because things have changed.

Saban now is the Buffalo coach.

Lakers Produce Highest Score

By THE ASSOCIATED PRESS

The Los Angeles Lakers have produced their highest score of the season and boosted their lead to 2½ games in the Western Division of the National Basketball Association.

Jerry West scored 39 points, Elvin Baylor scored 32 and the Lakers scored 140 to 125 over Detroit Sunday night and lengthened their lead over second-place St. Louis.

In the only other game, Cincinnati held on for a 105-99 victory over New York after almost losing a 23-point lead.

In Saturday action, Eastern Division-leading Boston defeated

ending a statement on the place circuit TV receipts from three Chicago arenas. They had received a 70 per cent sale Saturday.

The paid attendance of 45,891 at Wrigley Field piled on a gross sale estimated at \$500,000. The TV receipts were \$226,000. Of this total \$450,000 went to the pension fund and \$92,600 to the league office. The remaining \$393,400 went into the game receipts.

## Wildcats Are Gunning for the No. 1 Spot

By BOB GREEN  
Associated Press Sports Writer

Coach Adolph Rupp's Kentucky Wildcats, gunning for the No. 1 spot in the nation, take that quest, an unbeaten record and the favorites' role into the Sugar Bowl tournament tonight as the vast run of holiday college basketball tourneys continues.

The Wildcats are matched with New Orleans Loyola while No. 8 Duke plays Auburn in the first round of the New Orleans tourney. Davidson, No. 7, plays Penn in the first round of the Charlotte, N.C., Holiday, also opening up.

In addition, finals are scheduled in four other major tourneys: the Far West Classic at Portland, Ore., the ECAC Holiday Festival in New York's Madison Square Garden, the Big Eight at Kansas City the Quaker City in Philadelphia and the Sun Carnival in El Paso, Tex.

Kentucky was ranked second to Chicago Loyola in last week's poll and is prime candidate to succeed the Ramblers in the weekly balloting now being conducted.

The Wildcats played only once last week, romping over Notre Dame 101-81 Saturday while Chicago Loyola was the victim of the season's biggest upset.

Third-ranked Michigan and No. 10 New York University also took their lumps in the Los Angeles Classic.

Loyola, the defending national champion, was stunned by unheralded Georgetown 69-58 in the first round of the Quaker City Tournament at Philadelphia. The Ramblers bounced back for an 83-82 decision over Northwestern, but the loss probably will be reflected in the weekly standings.

Michigan knocked off NYU 83-74 in the first round of the Los Angeles tourney, fell before eventual champion UCLA 69-59, then whipped Pitt 95-80. NYU rebounded from the Michigan loss for victories over Yale, 96-82, and Southern California, 70-69.

UCLA, No. 4, took the Los Angeles tourney title with an 83-79 triumph over Illinois, pulling away in the last three minutes for its eighth straight victory.

Fifth-ranked Cincinnati, No. 6 Vanderbilt and No. 9 Oregon State got through the week unbeaten. Davidson and Duke did not play.

Cincinnati opened Missouri Valley Conference play with a 54-52 edge over Tulsa after trimming Kansas State 72-70. Vanderbilt beat Memphis State 55-79 and South Carolina 116-78, stretching its winning string to 14 and taking the title in its own invitational.

Oregon State, which plays Brigham Young in the finals of the Far West Classic tonight, scored two tourney victories, taking Louisiana State 97-57 and

ed St. Louis 107-109. Philadelphia whipped Los Angeles 114-100 and San Francisco edged Baltimore 106-104.

The Pistons moved to within two points of the Lakers three times in the third quarter, before West, Baylor and Rudy LaRusso started a surge that gave Los Angeles a commanding 109-99 lead at the end of three quarters. Bailey Howell was Detroit's high scorer with 25 points.

# Triple A to Match City Rival Teams

LITTLE ROCK (AP) — Twin city rivalry resumes tonight as Little Rock Central and North Little Rock meet in the class AAA-AA championship game of the Little Rock University High School Basketball Tournament.

Oklahoma City, unbeaten DePaul whipped Xavier of Ohio 86-80 in the Queen City at Buffalo, N.Y., Wisconsin routed Georgia Tech 104-64 in the Milwaukee Classic, Syracuse outlasted Miami, Fla. 86-85 in overtime in the Hurricane Classic at Miami, Arizona topped Evansville 78-61 in the Evansville, Ind., Classic, Tennessee beat Centenary 70-63 for the Gulf South title, The Citadel edged Furman 42-41 in the Poinsettia Classic, San Jose got by Santa Clara 56-55 in the WCAC at San Francisco, and Penn State won the Motor City in Detroit, beating Detroit 88-83.

Clashing for the A-B title will be defending class B state champion Lake Hamilton and defending tournament champion Sheridan.

North Little Rock's Wildcats looked very strong as they surprised Pine Bluff Saturday with a 75-46 victory. Gary Stephens hit 18 points for North Little Rock, and Gordon Norwood led the Zebras with 46.

Little Rock Central, going after its third straight title in the LRU meet, stayed in the lead most of the way Saturday beating Conway 56-44. Jimmy Coulette was top scorer for the game, contributing 17 for the Tigers, and Robbie Robinson hit 13 for Conway.

In the A-B semi-finals, Lake Hamilton set up a 30-23 halftime lead and never trailed to beat Casa 61 - 48. Lake Hamilton's Danny Sheets dumped in 32, and Larry Hubbard was tops for Casa with 12.

Sheridan's Yellow Jackets started off slowly in their Saturday game, but soon pulled ahead of Joe T. Robinson. The final score was Sheridan 65, the Senators 48. Larry Heddon and

## Lakers Produce Highest Score

By THE ASSOCIATED PRESS

The Los Angeles Lakers have produced their highest score of the season and boosted their lead to 2½ games in the Western Division of the National Basketball Association.

Jerry West scored 39 points, Elvin Baylor scored 32 and the Lakers scored 140 to 125 over Detroit Sunday night and lengthened their lead over second-place St. Louis.

In the only other game, Cincinnati held on for a 105-99 victory over New York after almost losing a 23-point lead.

In Saturday action, Eastern Division-leading Boston defeated

ending a statement on the place circuit TV receipts from three Chicago arenas. They had received a 70 per cent sale Saturday.

The paid attendance of 45,891 at Wrigley Field piled on a gross sale estimated at \$500,000. The TV receipts were \$226,000. Of this total \$450,000 went to the pension fund and \$92,600 to the league office. The remaining \$393,400 went into the game receipts.
